

# Program at a Glance

July 28, 2026

Registration: Building N1-G008/G014/G018 of the University of Macau

14:00-16:00

Registration

July 29, 2026

Conference room: Building N1-G008/G014/G018 of the University of Macau

09:00-09:20

Opening of ICEIV 2026

09:20-10:00

Keynote Speech ONE

10:00-10:30

Coffee break

10:30-11:10

Keynote Speech TWO

11:10-11:50

Keynote Speech THREE

11:50-13:30

Lunch

Parallel session of ICEIV 2026

13:30-15:00

AI for Energy I

Electrochemical Energy  
Storage Technologies I

New Vehicles and Green  
Transportation I

Energy Storage and  
Integrated Energy  
Systems III

Session room: N1-G014

Session room: N1-G018

Session room: N1-G008

Session room:  
N1-1005

15:00-15:30

Coffee break

15:30-17:30

PANNEL SESSION for  
Energies Journal

Electrochemical Energy  
Storage Technologies II

New Vehicles and Green  
Transportation II

Energy Storage and  
Integrated Energy  
Systems II

Session room: N1-G014

Session room: N1-G018

Session room: N1-G008

Session room:  
N1-1005

July 30, 2026

Parallel session of ICEIV 2026

08:30-10:00

PANNEL SESSION for  
Green Energy and  
Intelligent  
Transportation

Electrochemical Energy  
Storage Technologies III

New Vehicles and Green  
Transportation III

Energy Storage and  
Integrated Energy  
Systems III

|               |                                                                         |                                                   |                                                    |                                                       |
|---------------|-------------------------------------------------------------------------|---------------------------------------------------|----------------------------------------------------|-------------------------------------------------------|
|               | Session room: N1-G014                                                   | Session room: N1-G018                             | Session room: N1-G008                              | Session room:<br>N1-1005                              |
| 10:00-10:30   | Coffee break                                                            |                                                   |                                                    |                                                       |
| 10:30-12:00   | PANNEL SESSION for<br>Green Energy and<br>Intelligent<br>Transportation | Electrochemical Energy<br>Storage Technologies IV | New Vehicles and Green<br>Transportation IV        | Energy Storage and<br>Integrated Energy<br>Systems IV |
|               | Session room: N1-G014                                                   | Session room: N1-G018                             | Session room: N1-G008                              | Session room:<br>N1-1005                              |
| 11:50-13:30   | Lunch                                                                   |                                                   |                                                    |                                                       |
| 13:30-15:00   | AI for Energy II                                                        | Energy storage in power<br>distribution systems I | Energy storage in power<br>distribution systems II | Energy Storage and<br>Integrated Energy<br>Systems V  |
|               | Session room: N1-G014                                                   | Session room: N1-G018                             | Session room: N1-G008                              | Session room:<br>N1-1005                              |
| 15:00-15:30   | Coffee break                                                            |                                                   |                                                    |                                                       |
| 15:30-17:30   | --                                                                      | Electrochemical Energy<br>Storage Technologies V  | New Vehicles and Green<br>Transportation V         | Energy Storage and<br>Integrated Energy<br>Systems VI |
|               |                                                                         | Session room: N1-G018                             | Session room: N1-G008                              | Session room:<br>N1-1005                              |
| 19:00-21:00   | Banquet                                                                 |                                                   |                                                    |                                                       |
|               | Venue: N1-G014                                                          |                                                   |                                                    |                                                       |
| July 31, 2026 |                                                                         |                                                   |                                                    |                                                       |
| 09:00-11:50   | ICEIV2027 Program Planning Session                                      |                                                   |                                                    |                                                       |
| 13:30-17:00   | Campus Tour of the University of Macau                                  |                                                   |                                                    |                                                       |
